

IntegrateEuler.h

```
graph TD; A[IntegrateEuler.h] --> B[gsl/gsl_vector.h]; A --> C[gsl/gsl_matrix.h];
```

The diagram illustrates the dependencies of the IntegrateEuler.h header file. It is represented by a gray rectangular box at the top. Two blue arrows originate from the bottom of this box and point downwards to two separate white rectangular boxes. The left box contains the text 'gsl/gsl_vector.h' and the right box contains 'gsl/gsl_matrix.h'. This visualizes that IntegrateEuler.h includes or depends on these two GSL header files.
