

NodeForwardKinematics.h

```
graph TD; A[NodeForwardKinematics.h] --> B[gsl/gsl_vector.h]; A --> C[gsl/gsl_matrix.h];
```

The diagram illustrates the header file dependencies for NodeForwardKinematics.h. It is a hierarchical structure where the top-level header file includes two lower-level header files. The top-level header file is represented by a gray box, while the included files are in white boxes. Two blue arrows point from the bottom of the top box to the top of each of the bottom boxes.
